## "George" Salutes Our Volunteers

The best part of being a small business owner is that all avenues are open to you.

"George" began a non-profit project last Fall in honor of a young soldier on his way to Iraq to fight an enemy I believe we all agree is fearsome, because there is no honor in their tactics, or their cause. It is because of the efforts, and good will of our volunteers that we have been able to forge ahead with this project.

The goal was a lofty one, however, if I have learned one thing, it is that the unattainable can be achieved by those who believe in their cause, and

never give up hope.

Our goal is to send a million "Chocolate Chip Hugs" to those who serve and sacrifice whatever our country asks of them. **36,000** of our "Hugs" have been shipped, or are currently ready to go to our soldiers.

The volunteers who have given up their time and effort to support this project never cease to amaze me. They represent the best of what America is all about. I have no way of appropriately thanking them. Each and every one of them represent why we live in such a great nation. America is a prosperous nation for many reasons, but the best part of that

prosperity is the will to help others.

Americans take their prosperity very seriously and work equally hard to achieve it, but those who have been successful, and are willing to give one of the most precious commodities they can give, which is their time are the truly blessed. I have watched these individuals come together, roll up their sleeves and work under less than perfect conditions

## Christmas is just around the corner...

"George" is gearing up for Santa Claus who will be on his way soon with lots of goodies in his bag.

I bet you never knew that "George" and Santa Claus have a few things in com-

mon. Of course first and foremost we love the cookies and milk left on Christmas Eve. **Most importantly we both need those Christmas lists sent in early.**

Though Santa is the expert

on toys, George must claim a bit of knowledge in helping you send greetings to that special client, or employee who has helped to make it a prosperous year. Let us help you experience the difference in gift giving this year. **Contact us by phone, the internet, or our website.**

## VOLUNTEERS

Continued from page 1

to send their heartfelt support to our brave soldiers in harms way. They do not complain, or criticize. They put a smile on their face and go to work.

I am not in a position to know if this war is necessary. Hopefully, we have elected officials who not only serve with their head, but also their heart,

for it is the combination of the two that will ensure the outcome.

I am only certain of one thing and that is the generosity of the volunteers in this country have made a difference that most others would never be able to understand. I give credence to this statement as I have witnessed first hand the power of a few who are willing to go the extra mile and lend their support when needed.

I salute all the wonderful volunteers who have shared their support,

their time, and their hearts to help us send the message of America's appreciation to our brave heroes in harms way.

### “Hugs From Grammy Cookie Convoy.”

## Let “George” Take the Worry Out of Your Next Event

“George” is ready to help ease the stress of your next large event no matter how far away, or how many guests will be present. Our corporate staff will customize the perfect welcome gift for your guests. If you want to separate yourself from the competition give us a call. We offer volume pricing and guaranteed on time delivery.

Barton Creek—Austin, TX

We are happy to accommodate the size of your specific event. We specialize in customizing your gift needs according to your budget including all price ranges necessary to ensure a spectacular event to impress your guests.

## PLEASE BE SAFE, ALERT AND HIT 'EM STRAIGHT

“George” recently celebrated a birthday, but unfortunately getting older was not the worst part of that day.

We headed to San Antonio for the celebration and stopped to play golf at Pecan Valley in San Antonio before checking into the hotel. We have many fond memories of that wonderful golf course over the past 30 years where the 1968 PGA was played, but as we finished our round and loaded

the golf clubs in the car we discovered that our car had been broken into. Everything was stolen, which is a long, long list. Just let me say that it has been like completely starting over personally, and professionally.

I share this only because the holidays are upon us and I fear that this type of crime will be on the rise. Please take great caution. I was guilty of thinking it would never happen to me,

but we are all possible victims of this type of crime.

Please be safe, alert, and should you find the golf course—Hit 'em straight.
